MEMBER**

As a senior attorney for Radio City Music Hall and News Attorney and Associate Professor for ABC Network News in New York City, Anne Dalton acquired the skills and experience necessary to assist creative artists with legal problems.

She currently represents a wide variety of creative artists in Florida and elsewhere and has 34 years of legal experience in New York, Pennsylvania and Florida.

Anne is also a Diplomat Mediator with the Florida Academy of Professional Mediators. One of her professional goals is to have all disputes involving visual arts, writers, photographers, videographers and other creative persons resolved through mediation rather than in court. Anne also has a solo law and mediation practice at 2044 Bayside Parkway, near the Edison home, where she is enthusiastically assisted by Lila, the office poodle.

Lila may be viewed on Anne's website, www.creativeartlaw.com.
