Instructor: Howard Hartke

Dynamic Ceramic Studio

Howard has been "in the mud" for 15 years. Never giving a thought to clay, Howard was a photographer and abstract artist. While at the University of Buffalo and running a successful photography business, he wandered in to the UB pottery studio one day, sat down at the wheel, and that was it...hooked! In the years since, Howard has had the opportunity

to throw with many Master Potters in various parts of the country. He has incorporated their vast knowledge into his own techniques, which allows him to offer a unique approach to teaching pottery. His many real-world techniques give even the novice a sense of accomplishment. Not only is a skilled potter, Howard a witty and effervescent entertainer. Anyone who has ever been in one of his classes or seen a demonstration will attest to having great fun peppered with wit and humor.

Class supply kits available for purchase at the Alliance for the Arts for \$19
