Terry Lynn's paintings have been exhibited in national and local juried art exhibitions. In addition, her work is in private collections all over the country. She was graduated from Phoenix Institute of Technology, with a degree in production art and went on to study for six years under Nina Conner. Terry Lynn's desire to pass on her passion and love for the arts led her several years ago to begin teaching at the Alliance for the Arts.

Her very popular painting class has been meeting ever since on Tuesday evenings. She considers painting to be "better than chocolate and kind of like breathing; you just don't want to stop."
